THE VISIT OF UNIQUE HISTORICAL TOWN - ČESKÝ KRUMLOV BAROQUE THEATRE (10 HOURS)

A medieval town located in South Bohemia that has retained its medieval charm to this day. The original 13th century Gothic town flourished particularly under the Lords of Rozumberk, when the most of the Renaissance centre including the dominating castle was built.

The Baroque Theatre of the Český Krumlov Castle represents a Baroque stage in its mature form. The original theatre fund is preserved in both actual objects such as the building, auditorium, orchestra pit, stage, stage technology, machinery, decorations, costumes, props, lighting technology, fire extinguishers and so on, as well as in rich archival documentation such as librettos, scripts, texts, partituras, sheet music, inventories, accounts, iconographic material, and other information on theatre life in the 17th to 19th century. Only one royal theatre in the world is comparable to the Krumlov Baroque Theatre, that being Sweden's Drottningholm near Stockholm from 1766.
